DETAILED ACTION

Election/Restrictions

Claim 1 is allowable. The restriction requirement between species, as set forth in the Office action mailed on August 26, 2006, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 10, 11, and 14-16, directed to species II and III and sub-species II and III are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

Claims 1-11 and 14-17 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach nor render obvious the claimed combination comprising a first housing accommodating an input pulley and having a first section; a second housing

accommodating an output pulley and having a second section opposed to the first section; a spacer having a plate shape and interposed between the first and second sections; and a belt and the input and output pulleys having helical teeth.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
